**HI-LINK COMPUTER CORP. INCREASES LOCAL SERVICE CAPABILITIES
WITH MEMBERSHIP IN INGRAM MICRO'S VENTURETECH NETWORK**

(Stamford, CT, 5/20/05) – Hi-Link Computer Corp., a local technology solution provider, is a member of Ingram Micro's VentureTech Network™, an exclusive national network of technology providers who serve the needs of small to midsize businesses (SMBs) by offering premium products and value-added services to their customers.

“As a member of Ingram Micro's VentureTech Network, we can expand our technology capabilities and offerings to customers by partnering with other network members who complement our existing services,” said Jim Gartner Business Development Manager of Hi-Link Computer Corp. “In addition, VentureTech Network will keep us ahead of the technology curve by providing special resources and programs from the world's largest technology products and services distributor, Ingram Micro.”

VentureTech Network includes technology solution providers who have

achieved a high level of expertise in deploying technology solutions and services in their local markets. VentureTech Network members offer premier technology products and enhanced services, and they receive special support from major technology vendors through Ingram Micro.

“Ingram Micro is proud to have Hi-Link Computer Corp. as a member of the VentureTech Network,” said Bob Stegner, vice president of Ingram Micro’s VentureTech Network. “VentureTech Network membership recognizes Hi-Link Computer Corp. as a company that delivers the highest standards of service, support and expertise to small and midsize businesses in its local market. We support it with a wide range of services, such as consultation, training classes and technical support.”

VentureTech Network is a national network of premier SMB technology solution providers who participate in the network environment to improve their businesses, share resources and enhance their service capabilities to SMBs in their local markets. VentureTech Network members receive technical and sales support, information and business development resources, special credit and leasing programs, and customized technology product promotions designed to benefit their customers.

Company Overview

Hi-Link Computer Corp. is an Information Technology solutions provider that specializes in helping its clients build a network infrastructure to make their businesses more efficient. Hi-Link has been servicing the Tri-State area with its unique customer-focused solutions since 1990.

Hi-Link provides three primary solutions: Network Security, Wireless Networking, and IP Communications. Within each one of these areas of expertise Hi-Link offers numerous focal points: Remote access (including VPN and SSL), two-factor authentication, anti-virus, anti-SPAM, IDS/IPS, endpoint security, backup/storage solutions, content filtering, security assessments, wireless site surveys, IP phone design, and complete installations.

Hi-Link is backed by industry certifications and partnerships to achieve all of these solutions. A few of its more prestigious certifications from Cisco include: Security, Routing and Switching, Wireless, and IP Communications. Hi-Link also holds numerous certifications from: Microsoft, Hewlett Packard, Citrix, and Veritas; as well as maintaining all of the necessary qualifications that are required to be partners with companies such as: Symantec, RSA, APC, and Barracuda.
