**Hi-Link Computer Corp. Achieves SMB Select Partner Designation From Cisco
Systems**

(Stamford, CT – 3/29/05 – Hi-Link Computer Corp. announced today that it has achieved the small and medium-sized business (SMB) Select Partner designation from Cisco Systems®. By earning the Cisco® SMB Select Partner designation, Hi-Link Computer Corp. demonstrates to customers that it understands and supports networking solutions for the small and medium-sized business market, defined as companies that have between 20-500 employees. The Cisco SMB Select Partner program provides Hi-Link Computer Corp. with a tailored set of resources, training offerings, and sales and marketing tools to enhance the company's expertise in selling, implementing and supporting Cisco networking solutions for SMB customers.

“We are committed to recognizing, supporting, and rewarding channel partners like Hi-Link Computer Corp. who focus on the SMB market,” said Surinder Brar, senior director, Worldwide Channels for Cisco Systems. “Cisco wants to work closely with partners who understand the requirements and business challenges of SMB customers and can support their specific needs.”

Hi-Link Computer Corp. is part of the first round of systems integrators in the United States to achieve the Cisco SMB Select Partner designation which requires Cisco channel partners to demonstrate a focused business practice selling into the SMB market. In order to qualify for the Cisco SMB Select Partner designation, Hi-Link Computer Corp. had to meet specific program requirements in the areas of training, employee certification, sales volume and sales mix.

The program offers SMB Select Partners with a tailored set of sales and technical

resources, programs, training offerings and tools to help promote their success and address the needs of the SMB market. As a Cisco SMB Select Partner, Hi-Link Computer Corp. will enjoy several program benefits such as being highlighted on the Cisco Partner Locator, making them easily identifiable for potential customers and differentiating themselves from other resellers.

About Hi-Link Computer Corp.

Hi-Link Computer Corp. is an Information Technology solutions provider that specializes in helping its clients build a network infrastructure to make their businesses more efficient. Hi-Link has been servicing the Tri-State area with its unique customer-focused solutions since 1990.

Hi-Link provides three primary solutions: Network Security, Wireless Networking, and IP Communications. Within each one of these areas of expertise Hi-Link offers numerous focal points: Remote access (including VPN and SSL), two-factor authentication, anti-virus, anti-SPAM, IDS/IPS, endpoint security, backup/storage solutions, content filtering, security assessments, wireless site surveys, IP phone design, and complete installations.

Hi-Link is backed by industry certifications and partnerships to achieve all of these solutions. A few of its more prestigious certifications from Cisco include: Security, Routing and Switching, Wireless, and IP Communications.
